

TERMINAL WILL OPEN TOMORROW FOR ALL TRAINS

Coyote Cut-off Also Will be Used—West Bound Fast Freight Will be First to Change Engines.

NEW TIME TABLE IN EFFECT

Has Little Changes Made in Schedules—Part of new Yard Crew Arrives Today—Old Snyder Farmhouse Has Been Converted Into Boarding House for the Men.

The Echo-Coyote cutoff and the Pilot Rock Junction terminal yards will be opened tomorrow and train No. 5, the west bound fast mail in the morning, will be the first regular train to change engines at the junction and to be routed over the cutoff. Copies of the new time table, which become effective at one minute past midnight tonight, have been received at the local O. W. R. & N. office and are being studied today by employees. There will be but little change in the schedule of the passenger trains through Pendleton. Five trains, Nos. 4, 5, 17, 18 and 19 will be routed over the cutoff, leaving the Portland-Pendleton local and the motor car to continue the old way.

All passenger trains will change engines at the new yards with the exception of the Pilot Rock train. Five minutes are allowed on the schedule for these changes except for No. 5. No time at all is allowed for this change and fast work by the yard crew will be necessary. No. 51, the afternoon mixed train from Walla Walla, will reach here at 2:15 and will go on to the junction but it will not be a service train between here and the junction.

New Crew Arrives

On No. 17 today a part of the new yard crew at the junction arrived from La Grande. Pat McKee, who has been local yardmaster, will be day yardmaster at the new yards and Messrs. Sullivan, George Leet, Cox and Moore arrived today from La Grande. Sullivan will be night yardmaster and the other three are switchmen. Engineer E. W. Myers and Fireman Nels Anderson of the local yards will compose the day engine crew and a night crew is coming from La Grande.

Whether or not the freight engine crews will have to move to this city is yet undecided, according to the La Grande Observer, which says that no agreement has been reached between officials and engineers. The committee from the La Grande engineers is still in Portland and some announcement of plans will likely be made next week.

The new timetables show that there are four stations on the cutoff, namely Westland, which is a little more than three miles west of Hinkle, Munley, Clark and Messner.

Opening Boarding House.

Mrs. D. C. Crawford of La Grande, who will operate a boarding house at Pilot Rock Junction for the accommodation of engine crews and other trainmen, is here and expects to have the place open Monday. Her daughter, Mrs. Charbonneau, is also here to help her in starting.

The old Snyder farmhouse has been converted into a boarding house and the barn into a bunkhouse. The O. W. R. & N. furnishes free rent and fuel. The furnishings have already arrived and are now being installed.

LOCAL BOYS WIN BY SCORE OF 25 TO 16 FROM WAITBURGERS

FIRST HALF ENDED IN VISITORS' FAVOR—PENDLETON TEAM HAS IMPROVED.

(By P. C.) Last evening in the high school gymnasium, the Waitsburg basketball team met defeat at the hands of the locals in one of the most exciting and fastest games seen on the local floor. The final score stood 25 to 16.

Powder for the locals made the first point when he put the ball through the basket on a foul. Then the Waitsburg center dropped one through. The score for the first half was 11 to 9 with Waitsburg on the long end.

At the beginning of the second half the visitors came back again and be-

BANDITS TO DIE BEFORE A FIRING SQUAD IF TAKEN

General Trevino Says Mexican Outlaws Will be Summarily Dealt With as Soon as Captured.

REGIMENT IS IN PURSUIT

Members of Band Have Scattered in Small Groups—Carranza Garrisoned Have Been Reinforced in Various Sections—No Mercy Will Be Shown Murderers.

NEW YORK, Jan. 15.—Gen. Trevino has telegraphed the United Press saying that death before firing squads will be the fate of the bandits who participated in the ghastly massacre of Americans. He confirmed reports that Carranzistas have executed Rodriguez and Almeida, two bandit chieftains. Trevino's telegram said: "I have ordered a regiment under General Villanueva to pursue the bandits and simultaneously ordered General Cavazos and other detachments to watch the murderers' movements. The bandits, realizing the constitutionalists are moving on all sides went to Carrizal, and later scattered in small groups. If we locate them we will pursue them without rest. With the combined movements over the branches of the railways we will succeed in keeping away all hands putting them to flight or pursuing them to the Sierra Madre where they will find no food. Juarez informs me that the Pearson, Casco Grandos and Madera Garrisons have been reinforced."

Board Members Inspect Work at State Hospital

KAY AND OLICOTT HERE TODAY LOOK OVER NEW WING OF INSTITUTION.

In behalf of the state board Secretary of State Ben W. Olicott and State Treasurer T. R. Kay are this afternoon making an inspection of the work on the new wing at the Eastern Oregon State Hospital with a view of accepting the completed contract. As they had barely begun upon the inspection task this afternoon they had no report to make but expect to have an announcement later.

Governor Witherspoon did not make the trip with the board. Mr. Olicott arrived last evening and the state treasurer reached here at noon today on return from an eastern trip. Mr. Knight, architect, is also here, having arrived yesterday, but he is ill with the grippe.

Mortgage on Hall is Burned Amid Celebration of Lodges

Commemorative of the final payment on their building, Pendleton Erie No. 28, Fraternal Order of Eagles, and Pendleton Camp No. 41, Woodmen of the World, last evening held a joint celebration, burning the mortgage which has been recorded against the building since its erection, and holding forth until a late hour with entertainment of various kinds.

From Walla Walla came a special train bearing Woodmen of that city with their ladies. In all there were 105 aboard the train, which arrived soon after 7 o'clock.

The celebration started about 8 o'clock, the lodges forming at the Bowman hotel and parading up Main street and Court to their building. In front of the building the marchers halted while J. T. Hinkle of Hermiston, chairman of the evening, touched a match to the mortgage and spoke a few appropriate words as it was being incinerated.

The lodgemen and their ladies then

gathered in their hall and listened to a very entertaining program. All of the numbers on the printed program were given and a special feature, an exhibition drill by the Walla Walla W. O. W. drill team, was given. The address of the evening was given by Deputy Head Consul E. P. Martin of the Woodmen. It was a fraternal address, fitting for the occasion, and was enjoyed by all. Vocal selections were contributed by Mrs. J. R. Dickson, Walter Rose and R. C. Lawrence, Jock Coleman appeared in his famous Scotch songs and dances, a trio, composed of Miss Gaynell Baldwin, violin, Mrs. W. C. E. Pruitt, piano, and Lou Steelhamer, cello, rendered several selections. Miss Baldwin played a violin solo, Miss Harriet Young a piano solo, and readings were given by Miss Nadene Hakely and Miss Fieda Hall. The closing number was a comedy farce of one act, "The Oriental Boys" by Dan O'Donnell and Lu Verge Livermore.

BUTTER CREEK FARMERS ARE POISONING RABBITS

MANY THOUSANDS OF THE PESTS HAVE BEEN DESTROYED BY THIS PROCESS.

All through the Butter creek country from the Morrow county line to the Umatilla river, farmers are poisoning rabbits, says the Echo News. Many thousands of the pests have already been killed, and the campaign is still continuing.

Five hundred dollars was provided from the state and county funds for buying poison and this fund is

being handled by R. B. Stanfield of the county court. The method of handling the poison is to dissolve strychnine and sprinkle the solution over chopped alfalfa. This bait is eaten greedily by the rabbits and kills them immediately.

Hermiston farmers have exhausted their supply of poison and are ordering more from Spokane. In Morrow county a similar campaign has been started.

Chinese Crew Mutinies.

NEW YORK, Jan. 15.—Following a mutiny of the Chinese crew of the British steamer Ventura in drydock at Hoboken, in which an attempt to kill the chief officer was made, 11 members of the crew were arrested.

Serbs in Albania Weep for Lost Guns

SERB GUNS IN ALBANIA.

A letter from Scutari describes the horrible suffering of the remnants of the Serbian army which retreated into Albania and established the sixth Serbian capital within two months

at Scutari. The cold and snow have rendered the suffering almost unbearable. The writer of the epistle says that the Serbian artillerymen wept as they left their favorite guns,

which could not be brought through the mountains. Only a few small pieces were brought into Albania. Serb gunners and their guns in Albania are shown in the picture.

Hygiene Lecture is Delivered to Pendleton Women

LARGE ATTENDANCE LISTENS TO REV. SNYDER AND DR. McNARY AT ALTA.

This afternoon at the Alta theater several hundred mothers of Pendleton are listening to the truths of social hygiene as explained by Dr. W. D. McNary and Rev. J. E. Snyder. Two of the front rank workers in the state organization. Tomorrow afternoon at 2 o'clock in the Temple theater, these same two men will address the men of Pendleton along the same lines and there promises to be an attendance that will tax the capacity of the playhouse.

Backed by all of the clubs, lodges and churches of Pendleton, by the schools and by many prominent citizens, the meetings in Pendleton today and tomorrow promise to establish new high-attendance records in eastern Oregon.

Dr. McNary was the first to address the ladies this afternoon.

Dr. McNary said in part:

"Social Hygiene Education is not a fad. There is reason for it because of facts. Until recently these facts were known only to physicians. Now they are becoming known to the layman and it is well that they are. Society must know these facts for its own protection, if for no other reason."

"In the light of advanced knowledge today, many ills are not tolerated that before were considered necessary evils. Formerly yellow fever, typhoid fever, and other disorders held sway and people considered them as a matter of course. In the present age of sanitation and scientific medicine their prevalence is being reduced more and more to a minimum. Their causes are known and can be provided against."

"In the matter of the social diseases which Social Hygiene Societies are earnestly combating throughout the country, leading authorities believe, among the chief causes, to be ignorance, misinformation, and failure of parents properly to instruct their children. They believe that when these causes are taken care of, there will be far less of the prevalence of these dreaded disorders."

"Humanitarian reasons ought to be sufficient incentive to men and wo-

MONTENEGRO IS LIKELY TO SEEK SEPARATE PEACE

Austrians Force the Defenders of Cetinje to Evacuate the City After Terrific Bombardment.

FORGES ARE SURROUNDED

Diplomatic Corps Reach Scutari in Albania and Stragglers of Army are Also Entering Territory—Guerrilla Bands Trying to Hold Back Victorious Enemy.

VIENNA, Jan. 15.—Abandoning Cetinje the Montenegrins have retreated along the whole southwest front toward Albania. It is officially announced. It is said the Russians have renewed their offensive around Cernovits.

ROME, Jan. 15.—The Austrians have compelled the Montenegrins to evacuate Cetinje but the diplomatic corps successfully has reached Scutari, Albania. Stragglers of the Montenegrin army likewise are entering Albania to escape capture. Guerrillas are harassing the victorious Austrians and bloody fighting is in progress northeast of Scutari. The whereabouts of King Nicholas is a mystery. It is believed he is heading for Scutari, where he will negotiate a separate peace with Austria. The Cetinje forces are virtually surrounded.

LONDON, Jan. 15.—The Austrians lost 100,000 men, including 10,000 prisoners in the recent Russian offensive, the Chronicle's Petrograd messages said. How desperate was the Austrian plight was indicated by the fact General Bohner destroyed all bridges to prevent the troops retreating across the Strypa. Clinging to the east bank the Russians were exposed to a tremendous fire from the Russian artillery.

"The offensive covered the period when the allies were strengthening their positions in the near east and held off the Germans while the work of fortifying Saloniki and evacuating Gallipoli proceeded. It warned the Germans that the initiative was gradually slipping from their grasp."

PENDLETON REALTY MARKET SHOWING MUCH ACTIVITY

SEVERAL DEALS HAVE BEEN CLOSED HERE WITHIN THE LAST FEW DAYS.

Various recent local deals indicate activity in the Pendleton realty market. E. L. Smith has purchased from C. O. French and wife all of block 14 Reservation addition, consisting of 14 lots. The property is the vacant block on the south hill in front of the Smith home.

A. J. Ameraux has purchased from J. F. Temple the east half of lots 13 and 14 in block 161 Reservation addition. This property is near the St. Joseph's academy and it is the purchasers plan to commence the erection of a building on the property as soon as the snow is gone.

The foregoing deals were made by E. T. Wade who says he has also closed bargains for two lots on the north side of the river. In the way of residence building Pendleton is going to "step some" says Mr. Wade.
